

Corporate Social Responsibility

How Topwood can help you with your CSR

Sustainability

Local Sourcing

Lowers our carbon footprint by reducing fuel consumption

Recycling Resources

97% our waste recycled 2015- we are aiming for 0 landfill by March 2017

Conservation

We have rainwater and tree-planting schemes in place

Eco Purchasing

Our boxes contain recycled pulp & shredders use bio grade hydraulic fuel

Vehicles

Emissions are Euro 6 compliant & we use organic grade hydraulic diesel

Quality

We use a QMS, audited by UKAS, & are members of BSIA

Community

Employment

We endeavour to recruit locally, keeping money in local community

Engagement

Support & help community prosper- e.g. we sponsor school football kit!

Local Suppliers

Are used where possible. 24% of our spend is within 10mile radius

Duty of Care

Accredited to Safecontractor- assessed risks our operations have on locals

Our CSR helps you: Our CSR credentials will align with your policy objectives. Help us help you.
